

## **Press Release**

**Royalton Memorial Library Renovation Project:** The Royalton Selectboard recently reviewed the bids for Royalton Memorial Library Renovation Project. The total cost of the project significantly exceeded the funding approved by the Royalton voters. To properly determine the best way ahead, the Royalton Selectboard unanimously voted to take a short “time out” on the project, and publically review all alternatives to best support the Royalton Library, and stay within the funding means approved by the town. It is anticipated this review will be complete by early May, and results will be presented in an open town forum for discussion.
