

Join U.S. Senator Bernie Sanders for a

Energy Resource Fair and Town Meeting

Saturday, June 9

10:00 am – 2:00 pm

Vermont Technical College
Randolph Center, VT

Whether you want to fight climate change or simply want to save money on your energy bills, this Resource Fair will provide practical information on reducing your energy consumption. Come hear from a panel of national and local experts, and visit dozens of Vermont exhibits and workshops.

10:00 am Resource Fair Opens

Visit exhibits on energy efficiency, renewable energy, heat pumps, incentives and affordable financing options, and much, much more. Outside, there will be an electric vehicle expo, a zero energy modular home and a complete home energy makeover trailer.

10:15 - 11:00 Workshop Session 1

Topics will include options for going solar, making your home more efficient, heat pumps, clean wood heating, getting involved in community-wide energy transformation efforts and more.

11:30 - 1:00 Panel Discussion

*Senator Bernie Sanders
National and state energy experts
Vermont homeowners who have made energy upgrades
Audience Q & A*

1:00 - 2:00 Resource Fair Resumes; Workshop Session 2
