**GENERAL PROVISIONS**

The general provisions stated below are provided as basic information to an applicant and are not intended to replace any provision or language in the Royalton Fire District #1's Rules and Regulations nor to be construed as the only requirements. The applicant is directed to these Rules and Regulations for specifics on the information below and for other requirements.

1. A one-time system development fee is assessed upon approval of the application. **THIS SYSTEM DEVELOPMENT FEE IS NON-REFUNDABLE.**
2. The system development fee is due upon approval. Failure to pay the fee in the described timeframe will be grounds for the forfeiture of any and all fees already paid and, additionally, will relieve the District of any further obligation to the applicant.
3. Within 12 months of receiving all approvals and permits required by the Rules and Regulations, a project must be connected to the system and using water. Should a project fail to connect to the system within one year of approval, the allocation shall be considered forfeited. Projects with approved phasing are not subject to this regulation.
4. All water allocations belong to a building and remain with that building. However, if a building is developed as condominium units or an existing building is converted into condominium units, the allocations belong to a space within the building or condominium unit and remain with that space or unit.
5. All connections must be made in accordance with the Royalton Fire District #1's Rules & Regulations.
6. The applicant is responsible for obtaining any and all permits that may be required by the State of Vermont or any other entities before proceeding with any project.

**OFFICE USE ONLY**

## Allocation Calculation

Date   -   -

Application No. WS   -

Parcel No.

The amount of allocation is measured in gallons per day (gpd) and is dependent on the use or uses within a building. The allocation required for each use is determined by the state Environmental Protection Rules' unitized daily flows. The unitized daily flows for some of the more common uses are based on the number of bedrooms, employees, students and/or seats. Credits in allocation may be given for prior uses within a building, to a limited extent. USE ADDITIONAL SPACE ON BACK IF NEEDED.

Proposed uses of the property (as listed on the allocation application) \_\_\_\_\_

### RESIDENTIAL USES

For single-family dwellings no. of bedrooms: \_\_\_\_\_

For two- or multi-family dwellings: total no. of dwelling units \_\_\_\_\_
